

Cast Pedestrian Stations

Description:

Campbell Company manufactures several cast pedestrian stations. The cast pedestrian stations provide an integral push button mount and sign display platform. Each pedestrian station has adjustable mounting saddles to provide a snug fit to any pole, wire chase for service entry, and all hardware required for mounting the pedestrian station and sign.

Materials:

Cast pedestrian stations are made from aluminum.

Mounting hardware is SS.

Powder Coated: Yellow (Y), Textured Black (B), Green (G) standard

Geometry:

- 57 H mounts a 3" push button and displays a 5 X 7 3/4" sign
- 912 H mounts a 3" round push button and displays a 9X 12 " sign
- 400 H mounts a 5 X 9" rectangle push button and displays a 9 X 12 " sign
