RE: Campbell Company Product Warranty 2017

Pedestrian Push Buttons:

Campbell Company warrants our pedestrian push buttons for five years from date of purchase. Warranty is for repair or replacement (at Campbell Company's discretion) of product only.

Post warranty repairs will be performed with customer approval for \$20.00 minimum each occurrence or the cost of failed components whichever is more, end user pays shipping.

Accessible Pedestrian Signals:

Campbell Company warrants our Accessible Pedestrian Signals for three years from date of purchase. Warranty is for repair or replacement (at Campbell Company's discretion) of product only.

Post warranty repairs will be performed with customer approval for \$15.00 minimum each occurrence or the cost of failed components whichever is more, end user pays shipping.

Beacon

Campbell Company warrants our Beacon for three years from date of purchase. Warranty is for repair or replacement (at Campbell Company's discretion) of product only.

Post warranty repairs will be performed with customer approval for \$20.00 minimum each occurrence or the cost of failed components, whichever is more, end user pays shipping.

Extended warranty is available for 5 to 7 years. Extended warranty cost is 7.5% of purchase price per year of extended warranty, end user pays shipping.

Warranty does not apply to improperly installed or over voltage situations, such as lightning strikes.
